

## PUBLIC MEETING

# Regarding Environmental Cleanup and De-listing at MRL Triangle

Tuesday, November 19 - 6:00 pm to 8:00 pm

**LOCATION:** Sovereign Hope Church - 1919 North Avenue West

Enter Through the Side Door on Johnson Street

*Light Refreshments Provided*

To lay the foundation for redevelopment at MRL Triangle, the City of Missoula is applying to the U.S. Environmental Protection Agency for funding to resolve environmental issues at the site. Known issues include the presence of asbestos-containing materials within structures, and surface soil contamination from railroad ties north of MRL Park. More information on how the City conceptualizes addressing these issues is available in a draft application to EPA for a Brownfields Cleanup Grant and Analysis of Brownfields Cleanup Alternatives (ABC) available upon request or for download at: <http://ci.missoula.mt.us/CivicAlerts.aspx?AID=2447>. The City invites comment on the draft application and ABC either during the public meeting or as identified below. Comments must be received by November 26, 2019 to be incorporated into the EPA application.
