 - b. Missoula Age Services – Adrienne Hopkins – presentation
 - i. Adrienne Hopkins, Aging Services in Missoula (a county agency) spoke to us about her project of helping any of our neighbors who are unable to rake leaves (Cleanup Crew), or shovel snow (Snow Angels), plus many other things. These are no cost services as it's all run with volunteer help. Aging Services has a long list of ways to be of help to the elderly. There are many ways to be a volunteer and be covered with insurance for working with A.S. Adrienne brought volunteer applications and her card, flyers to advertise A.S., and she asked that we spread the word about what's available. If a person needs help, they should make an appointment with Aging Services to find what is available. For volunteers, Aging Services will help find what is an appropriate fit for a person's interests and time. One goal is to help alleviate depression in the aging population.
4. We discussed our local parks, whether they are City or County owned & operated. For example: Upper Linda Vista HOA has an agreement with Guru, to mow Scotty Park.
