2. Presentation by Andrew Drobeck, Missoula Firefighters Local 271, along with Chief Huges and Asst Chief Keating informed the leadership team of the need for the Fire Levy to be voted on in June. There has been no additional money for the Missoula Fire Department since 2009. There is a huge need for additional firefighters and equipment. Missoula has grown rapidly and the needs for emergency and fire protection has increased as well. Safety and rapid response is suffering because of the low budget. The Levy is to be voted on at the June city election. The firemen asked if we could help get the word out to our neighborhood.
The team sees the importance of this levy and will further discuss what they can do to help get a positive response from the neighborhood through social media and other means.
3. February 7, Meeting Minutes were approved as posted.
4. Treasurer Report- Colleen Biehl reported that as of this meeting the budget stands as reported in December. She is waiting for the final bills from the general meeting in September 2023.
