

NEWS ADVISORY

Sept. 24, 2013

For immediate release

Russell Street Closure Set for Sept. 30 – Oct. 3

Russell Street will be closed Monday through Thursday next week between Fourth Street and Ronan Street for milling and paving.

City of Missoula Street Division crews will perform the work under the City's maintenance contract with the Montana Department of Transportation. Russell Street is a state route. In the area to be repaved, the surface is compromised. Repaving will make it less prone to potholes and will improve the driving surface.

The street will also receive striping to designate shoulders to add safety for pedestrians and bicyclists.

Drivers should avoid the area if possible. The detour for southbound traffic will use Third Street to Johnson Street to 14th Street. The northbound detour will use Longstaff Street to Knowles Street to Ronan Street.

Questions? Please contact Brian Hensel, Street Maintenance Superintendent, 552-6361.
