E-Mail: twelsh@ci.missoula.mt.us

City Hall Fingerprint Services Temporarily Unavailable

Beginning April 29, 2014 the Missoula Police Department's primary entrance from the main floor of City Hall will be temporarily closed due to construction. The anticipated completion date for the construction is May 13th.

The Missoula Police Department will be unable to provide fingerprint services during the construction. Other Police Department services will be available through the south entrance to the Police Department (near where police vehicles are parked). This will also be the only public access to the department during construction.

The Missoula County Sheriff's Department provides fingerprint services between 1:00pm and 4:00pm on Tuesday, Wednesday and Thursday. For additional information regarding fingerprinting at Missoula County, please contact 721-5700.
