## City of Missoula CIP Project Request Form FY 2010-2014

<b>Program Category:</b>								<b>Project Title:</b>								<b>08 Project #</b>		<b>09 Project #</b>		<b>10 Project #</b>	
Public Safety								Fire Station #6 Land Purchase								PS-05		PS-03		PS-02	
<b>Description and justification of project and funding sources:</b>																					
<p>This project will provide a two acre site for future Fire Station #6. This station would be located to serve the growth area west of Missoula.</p> <p>In the past, revenues have been set aside to purchase property and construct fire stations. This strategy has not proven successful, as these funds were expended on other items. A more prudent strategy may be to consider purchasing property before development increases the cost.</p> <p>The price estimate is based upon previous years comparable listings adjusted for inflation. This estimate is subject to change pending the results of an updated comparable listing assessment being conducted by Prudential Montana Real Estate.</p>																					
<b>Is this equipment prioritized on an equipment replacement schedule?</b>														Yes		No		NA			
																		x			
<b>Are there any site requirements:</b>																					
2.0 acres of land for construction of Fire Station #6.																					
<b>REVENUE</b>	<b>How is this project going to be funded:</b>																				
	<b>Funding Source</b>		<b>Accounting Code</b>		<b>FY10</b>		<b>FY11</b>		<b>FY12</b>		<b>FY13</b>		<b>FY14</b>		<b>Funded in Prior Years</b>						
	IMPACT FEES				300,000																
					300,000		-		-		-		-		-						
<b>EXPENSE</b>	<b>How is this project going to be spent:</b>																				
	<b>Budgeted Funds</b>		<b>Accounting Code</b>		<b>FY10</b>		<b>FY11</b>		<b>FY12</b>		<b>FY13</b>		<b>FY14</b>		<b>Spent in Prior Years</b>						
	A. Land Cost				300,000																
	B. Construction Cost																				
	C. Contingencies (10% of B)																				
	D. Design & Engineering (15% of B)																				
	E. Percent for Art (1% of B)																				
	F. Equipment Costs																				
G. Other				300,000		-		-		-		-		-							
<b>OPERATING BUDGET COSTS</b>	<b>Does this project have any additional impact on the operating budget:</b>																				
	<b>Expense Object</b>		<b>Accounting Code</b>		<b>FY10</b>		<b>FY11</b>		<b>FY12</b>		<b>FY13</b>		<b>FY14</b>		<b>Spent in Prior Years</b>						
	Personnel																				
	Supplies																				
	Purchased Services																				
	Fixed Charges																				
	Capital Outlay																				
	Debt Service																				
					-		-		-		-		-		-						
Description of additional operating budget impact:

# CAPITAL IMPROVEMENT PROGRAM

## Project Rating

(See C.I.P. Instructions For Explanation of Criteria)

<b>Program Category:</b>	<b>Project Title:</b>					<b>10 Project #</b>
<b>Public Safety</b>	<b>Fire Station #6 Land Purchase</b>					<b>PS-02</b>

  

Qualitative Analysis	Yes	No	Comments
1. Is the project necessary to meet federal, state, or local legal requirements? This criterion includes projects mandated by Court Order to meet requirements of law or other requirements. Of special concern is that the project be accessible to the handicapped.		X	
2. Is the project necessary to fulfill a contractual requirement? This criterion includes Federal or State grants which require local participation. Indicate the Grant name and number in the comment column.		X	
3. Is this project urgently required? Will delay result in curtailment of an essential service? This statement should be checked "Yes" only if an emergency is clearly indicated; otherwise, answer "No". If "Yes", be sure to give full justification.		X	
4. Does the project provide for and/or improve public health and/or public safety? This criterion should be answered "No" unless public health and/or safety can be shown to be an urgent or critical factor.		X	

  

Quantitative Analysis	Raw Score Range	Comments	Weight	Total Score
5. Does the project result in maximum benefit to the community from the investment dollar?	(0-3) 3	This project results in a great benefit to the community by providing a site for a fire station in the northwest portion of Missoula. Purchasing land now will save future dollars as land costs continue to increase.	5	15
6. Does the project require speedy implementation in order to assure its maximum effectiveness?	(0-3) 2	Land should be purchased at current prices; future development may preclude purchasing land at ideal locations for Station 6.	4	8
7. Does the project conserve energy, cultural or natural resources, or reduce pollution?	(0-3) 1	A future fire station to the west would reduce energy costs as well as provide protection for natural and cultural resources.	3	3
8. Does the project improve or expand upon essential City services where such services are recognized and accepted as being necessary and effective?	(0-2) 1	A future station will be necessary as Missoula continues to grow and expand to the west and service demand increases. This project provides a basic infrastructure requirement.	4	4
9. Does the project specifically relate to the City's strategic planning priorities or other plans?	(0-3) 3	This project is consistent with the guiding principles and strategies of the City's Strategic Plan. The Wye Mullan Plan notes that response times in this area do not meet our goals with current levels of service. The 2006 Comprehensive Fire Master Plan identifies the need for a future fire station in the Wye Mullan area.	4	12
