

## ***Conservation Lands Management Plan (CLMP) Comments***

Thank you for your interest and input in the management of your conservation lands. The proposed DRAFT plan was developed to determine priorities and goals in finding a good balance between recreation use and preservation and to address appropriate maintenance of this valued resource.

Comments will be accepted until Monday, May 31, 2010. Following the comment period, all comments will be reviewed to determine edits that may need to occur to the plan. The plan is projected to go to Parks and Recreation Board for presentation in June or July, 2010, with eventual adoption by City Council in July, 2010. A special thanks to the many citizens and professionals who contributed to the project.

Please list the chapter, section and page when commenting on specific points within the plan.
