

## Fund Description

The Capital Improvement Program is a five-year planning program designed to guide decisions concerning capital expenditures. The first year of the plan is the current year's capital budget.

This fund accounts for the City's major capital projects except those that are funded within special funds such as Sewer R&D, the Missoula Redevelopment Agency, or Community development Block Grants.

## Fund Description

Missoula voters approved a \$5,000,000 general obligation bond referendum in November 1996 allowing the City to purchase open space land and conservation easements.

## Activities & Objectives

The debt was issued in two series, one for \$3.5 million and one for \$1.5 million. The remaining bond sale of \$1,500,000 is used to acquire and develop open space parcels and pay associated costs as determined by the Open Space Advisory Committee and the City Council. Up to \$200,000 is scheduled to be transferred as City match for the Bicycle Commuter Network projects.
