Department	Housing	& Community Development							
Request Category		New	ARPA REQUEST: Poverello Center Supportive Housing Creation and SI					helter Expansion	
Request Rating		Leverage							
Department Goal									
I. How will request assist in acheiving Department Goal and benefit the customer?									
The Poverello Center has submitted a \$1,000,000 grant application, which will allow them to relocate their current veteran supportive housing program from shared bedrooms and a congregate bathroom to individual, private and apartments. The \$2,500,000 in requested funds will be used for the remainder of the purchase price as well as renovations and repairs that are needed for the building. This property acquisition would immediately improve the quality of housing, quality of life, and supportive services available to Veterans in our programming. In addition to serving approximately 20 veterans in a better environment, this will provide up to 25 additional permanent supportive housing solutions for men and women experiencing homelessness. It will also free up additional square footage in the current shelter, which dedicated to this service today, allowing the organization to expand their shelter capacity.									
2. What specifically is needed to achieve this goal?									
Funds to purchase and renovate a new building. It is anticipated that the project would seek support from Missoula County, through allocation of ARPA funds, as well as the Missoula Redevelopment Agency.									
3. Cost Impact of New Program:
