<b>Request Rating</b>	Maintain Level of Service			
<b>Department Goal</b>	Inclusion, social equity and wellness for all ages			

**1. How will request assist in achieving Department Goal and benefit the customer?**

This request replaces some of the funding provided through the CARES grant and continues Parks and Recreation effort towards social equity in programming by providing wrap around services to a historically underserved population in our community. After operating the program for the last year we found in order to facilitate the safest and highest standard of care participants required a staff to participant ratio greater than currently funded. Additionally, with anticipated new housing the Northside and Westside neighborhood we are preparing for Lowell School to have an increase in population and thus us needing to serve more students in the afterschool program and neighborhood center programming. American Recovery Plan funds (ARPA) may be considered to fund this request in FY22.

## 2. What specifically is needed to achieve this goal?

One time ask for security measures including gates, installation of gates and signs within the Lowell School facility. One time ask for neighborhood center furnishings. Increase in budget allotment for staffing.
