Summary Description and rationale of project and funding sources

The City and Missoula County seek to jointly acquire the Missoula Federal Building and rehabilitate the building to serve as City Hall and County central services. Design work for the project will span FY 22 and FY 23. We anticipate taking title to the building in FY 23, and commencing phased construction work as soon as design is completed. The City faces an urgent need for additional space in order to deliver public services, and will, in the absence of investment in the Federal Building, need to spend as much or more to otherwise respond to space needs. Funding for FY 23 design work will probably need to be from the general fund. Staff will explore other potential funding sources for design, and will develop a funding plan for rehabilitation that may include sale of current City properties, ARPA or other federal grants, reappropriation of current leases, limited obligation bonds, leasing, or tax increment financing.

History & Current Status: Impact if Cancelled or Delayed

If cancelled, the City will need to develop an alternative strategy and funding plan to meet space needs, such as expansion and rehabilitation of City Hall, additional leasing, etc. Delay of design would delay rehabilitation. Delay of rehabilitation will delay improved delivery of public services and extend costs for leased space.

Are there any site requirements/ Potentially Affected Interest (PAI) Coordination:

The project requires extensive coordination with federal agencies, Missoula County, the State Historic Preservation Office, and interested members of the public.

	Is this equipment prioritized on an equipment replacement schedule?						
	Is there going to be ongoing Operating and/or Maintenance costs upon completion of the project?						
(account for operational savings and/or reduction in current budget of previous operating/maintenance charges)							
Expense Object	Accounting Code		FY2023	FY2024	FY2025	FY2026	FY2027
A Personnel							
B Supplies							
C Purchased Services							
D Fixed Charges							
E Capital Outlay							
F Debt Service							
G (Operational Savings)							

NOTE: Approval of the CIP does not indicate approval of the ongoing operating and maintenance costs. Those costs must be submitted as a "New Request" in the regular budget process. This will ensure the coordination exists between the CIP and the new request.
