**Summary Description and rationale of project and funding sources:**

The Rattlesnake Neighborhood has determined a crushed gravel 28 foot path in the burrow pit on the north and west side of Rattlesnake Drive from Lincoln Wood to Tamarack Drive, will meet the most immediate needs and work as a single phase project. Long term goal is a paved path to the Rattlesnake Recreation Area.

**History & Current Status: Impact if Cancelled or Delayed**

In 2010 The Rattlesnake Neighborhood secured a Neighborhood Grant to fund a feasibility study that investigated 3 options for routing of the trail. At the time, the project proposed a 10' wide asphalt trail along Rattlesnake Dr. from Creek Crossing Rd. to Tamarack Dr. The preferred route for the trail placed it in the burrow pit on the west side of Rattlesnake Dr. This option also included a spur trail connection between the trail and the alley on school district land. Total estimated cost in 2010 was ~ \$200K (this included costs for the trail spur and additional crossing signage).
