Department Goal	Goal 1 - Protect Life and Property			

1. How will request assist in achieving Department Goal and benefit the customer

The staffing study recently contracted resulted in a variety of recommendations for staggered shifts and zones for the Patrol Division. In order to fully implement the recommendations and provide sufficient equipment to the various shifts will require additional vehicles. This would enable the department to provide enhanced patrols at the identified peak times of days/nights. On average, 20% of patrol vehicles are off-line for repairs. The Traffic Unit now has a full deployment of officers and a sergeant. MPD has four motorcycles, but five riders. We have historically had five motorcycles, but in the FY'20, the replacement motorcycle was not approved. This is the third year of requesting funding for the motorcycle and the second year for requesting the fleet increase.

2. What specifically is needed to achieve this goal?

Five patrol vehicles and one motorcycle
