Request Rating	Required		
Department Goal	Operational Excellence		

1. How will request assist in achieving Department Goal and benefit the customer

The water industry standard is to inspect water tanks and rebuild well, booster and PRV valves on 5 year rotations. We employ a tank diving company to inspect roughly 5 tanks per year. In FY23, the valves needing rebuilt were small enough to handle in-house. The other valves, well control, booster control and PRV (separated into 2 halves) are large enough to require special tools and training.

2. What specifically is needed to achieve this goal?

Increase Professional Services budget to accommodate for known expenses.
