City of Missoula CIP Project Request/Update Form FY 2024 - 2028

Department Listing		New or Update	Required	Delay	Project Title		
15	of 20	New	Is this project Required?	Can project be delayed?	Clark Fork Islands Nature Preserve		
Project Rating	Department		No	Yes			
Plan	Culture & Recreation		Is the project APPROVED for Fiscal Year 2024?			FUNDED?	
Summary Description and rationale of project and funding sources:							
<p>The Clark Fork Island nature preserve, west of Reserve St., will provide public access to open space in a vastly underserved part of town. The trailhead adjacent to the Wastewater treatment plant will provide access to Missoula's Commuter Trail system. This CIP funds one Primary Access trailhead w/ parking lot, two neighborhood access points and fencing upgrades to separate the public from Garden City Compost facilities. 2018 GO Bond funds will be used for trailhead signage/kiosks. Pending is an impact fees request to fund the parking lot construction and security fencing around Garden City Compost.</p>							
History & Current Status: Impact if Cancelled or Delayed							
<p>Implementing this project is essential for providing links to open space, commuter trails in an underserved area of town. Implementing the Clark Fork Island management plan will also provide positive public access to help prevent this area from evolving into a chronic unauthorized camping area like the area just upstream (Reserve St. bridge). In FY24 we will use funds to construct trails and a trailhead south of Clark Fork Ln, as well as improve and sign trails at the north end of Hiberta St.</p>
