Summary Description and rationale of project and funding sources:										
<p>In 2022 the City and Missoula County created the Missoula Local Government Building Special District (MLGBSD); in January 2023 the MLGBSD received fee title to the Missoula Federal Building. The City and County will now jointly rehabilitate the building to serve as City Hall and County central services. Design work for the project has commenced and will continue through FY 24. Funding for FY 24 design work will probably need to be from the general fund. Staff will explore other potential funding sources for design, and will develop a funding plan for rehabilitation that may include sale of current City properties, federal grants, reappropriation of current leases, limited obligation bonds, leasing, or tax increment financing.</p>										
History & Current Status: Impact if Cancelled or Delayed										
<p>If cancelled, the City will need to develop an alternative strategy and funding plan to meet space needs, such as expansion and rehabilitation of City Hall, additional leasing, etc. Delay of design would delay rehabilitation. Delay of rehabilitation will delay improved delivery of public services, extend costs for leased space, and delay the City's opportunity to vacate and repurpose the City Hall lot.</p>										
Are there any site requirements/ Potentially Affected Interest (PAI) Coordination:										
<p>The project requires extensive coordination with federal agencies, Missoula County, the State Historic Preservation Office, and interested members of the public.</p>
