Budget Preparation

Mayor Davis set guidelines for department directors

- Last budget cycle for federal American Rescue Plan Act (ARPA) funds
- Project changes in spending
- Find opportunities to save money on services and supplies
 - Change to work comp provider
 - Scaling back new requests
 - Cutting services in some areas
- Review previous year's ending balances
- Meet our most crucial needs

Program inventories

- Detailed budget and strategic information about each City program
- Adds transparency
- Examine and review all activities of the budget
- Aligns budget with strategic goals

Mayor Davis's Budget

Inflation and priorities still outpace new revenue and a persistent structural imbalance will require ongoing service level evaluation and assessment of new revenue tools.

Strategies to fill general fund budget gap:

- One-time savings
 - MRA remittance \$1.3 million
 - Funding positions with last of ARPA funds
 - Emergency levy - additional 2 mills of funding for houseless emergencies
- Ongoing savings
 - Workers' compensation new provider - \$700,000 savings
 - Austerity measures in the general fund

Additional strategies for the future

- Begin planning for FY26 and beyond starting this fall
- Plan for 2025 legislative session for local government revenue reform
- Assess Community Based Organization funding

Mayor's Funded Priorities

- Implementation of Master Fire Plan - voter-approved mill levy - \$4.2 million
 - Add 20 new firefighters
 - Permanent support of Mobile Support Team
 - Begin planning Station 6
- Digital communications initiative - \$35,000
 - Leverage data and strategy to meet people where they are and communicate more effectively across multiple social media platforms
- Crisis camping ordinance implementation
 - New programs to implement vehicle permits and toilets, garbage service, and needle disposal - \$350,000
 - Continue encampment cleanup and staffing from - \$360,000
- Johnson Street emergency shelter - \$1.8 million

Mayor's Funded Priorities

- Southgate Crossing land acquisition - \$6 million
- Community Experience and Culture position - \$122,644
- Ravara and Scott Street project - affordable housing and infrastructure - \$9.8 million
- Lobbying strategy to align with policy priorities such as tax reform, houselessness, Medicaid expansion, and tax increment financing \$73,800
- Additional urban forest resources - \$146,145
- Police officers' market wage adjustments
- Continue and expand Crisis Intervention Team - \$497,613

Community Investment Program Highlights

These are large assets that have a useful life of at least five years. They can be infrastructure projects, City buildings, and vehicles and large equipment.

- John Engen Local Government Building Rehabilitation - \$1.8 million
